New and Updated Funding Opportunities for Renewable Energy and Energy Efficiency Projects

USDA RD

Presented by Margi Hoffmann, State Director, Oregon
The Rural Energy for America Program (REAP)
Provides guaranteed loan financing and grant funding to agricultural producers and rural small businesses for renewable energy systems or to make energy efficiency improvements.

Available Funding

$1.055 billion

Grants can cover up to 50% of total eligible project costs (from 25% pre-IRA)

Loan Guarantees on loans can cover up to 75% of total eligible project costs

Combined grant and loan guarantee funding can cover up to 75% of total eligible project costs
Changes in REAP 2.0

- **$144 Million** set aside for underutilized technology
- The maximum grant sizes were doubled to $500,000 for energy efficiency grants and $1,000,000 for renewable energy systems for IRA funds.
- Funds will be obligated across six quarterly cycles
Federal Share Updates*

**Up to 50% Federal Share**
- All Energy Efficiency Projects
- All zero-emission renewable energy systems
- Projects in designated energy communities
- Projects submitted by tribal entities

**Up to 25% Federal Share**
- All other projects that do not fit into one of the selected categories.
December 15, 2022: FY 23 Notice was published in the Federal Register and announcing $250 Million

March 31, 2023: Deadline for first 2023 funding round.

March 31, 2023: Second Notice is published in the Federal Register announcing new rounds.

April 1, 2023: Next REAP funding round opens.

Sept 30, 2023: 2nd quarterly competition closes. Applications will be processed as FY 24.
Electric Programs in the Inflation Reduction Act (IRA) -NEW-
Powering Affordable Clean Energy (PACE) Program

Provides loans for renewable energy projects (wind, solar, hydropower, geothermal, or biomass) and renewable energy storage.

Entities that generate electricity for resale to residents are eligible, including corporations, state and local government entities, cooperatives, nonprofits, Tribes, and utility districts. **At least 50% of population served must be in communities of < 20,000.**
Letters of interest accepted

Available Funding
Loans of $1-100 million
20-60% loan forgiveness
Empowering Rural America: New ERA Program

Helps rural electric cooperatives make energy efficiency improvements to generation and transmission systems; purchase, build, or deploy renewable energy, zero-emission systems, and carbon capture storage systems; or to purchase renewable energy.

Open for applications July 31 – August 31, 2023

Available Funding
- $1 billion program in the Inflation Reduction Act
- Loan, grant, and loan-grant combinations
- Loan refinance or modification
